DISCOURSE BY
BELOVED LADY MASTER NADA

Through Mr. G. W. Ballard

Boston, Massachusetts September 19, 1937

It is very Great Joy, Beloved Ones, to find an opportunity to express in Our own Words to you Our Feeling, Our Appreciation, Our Gratitude for your staunch loyalty to the Light and the Service which you have rendered here. It is a beautiful thing to have your own individual freedom, but it is still more wonderful to know these Mighty Decrees which you have been issuing are rendering a Service to America and to all mankind.

I want today to impress upon you, if I may, the vital importance of these tremendous Decrees, and while individually one may issue them with a great blessing and benefit, yet in your Group Work a greater volume of Power is released. You have no idea, as yet, how tremendous it is—and how far reaching. When you realize that all This goes forth into a Limitless Activity in the mental and feeling world, with a Power—and you will pardon Me if I use the word "catapulted," because that is actually what takes place in the dynamic Decrees, charging This forth into the mental and feeling world—it is as though It were catapulted into action, and It goes on and on and on in the mental and feeling world of mankind, reaching beyond your fondest imagination. That is why so many things today have been accomplished in the outer world by the issuing of these Decrees

for the blessing of mankind; and We, perhaps, will someday point out to you the various Achievements that have taken place within the past year—I mean in the industrial world—in the conditions that would have breathed poison into your Blessed America and its industrial activity. I tell you, Beloved Ones, that which Beloved Saint Germain has taught you as the sinister force was planning devastation to the Earth, and if He had not been able to bring this Understanding forth at the time He did, Dear Hearts, you would not be here today! I want you to feel that. It is not to cause any fear, nor is it any exaggeration, but these forces of destruction are manifesting in the Orient today, and have in Spain, and had planned the very same thing in your Beloved America—in your Eastern part of the country was where they were planning to start.

Do you wonder, Beloved Ones, that the Messenger—knowing all this with Beloved Saint Germain—why he has pled with the people, trying to arouse and awaken them; and the achievement has been wonderful! Remember that in your Call to the "Presence," the Infinite Power of the Universe is released, and Oh, that all of the Precious Students everywhere could understand that really—that is the case! Oh the matter of seeing Its outer manifestation has not anything to do with the Call, except oftentimes the encouragement of the Student, but when you call to your "Presence," Beloved Ones, that Call is *always* answered! Whether you see it in the outer manifestation or not does not mean that it is not being answered!

Today, in your understanding of your "Mighty I AM Presence," your own "God Presence," remember that all Perfecting Activity comes from within out. Do you know that your feeling world is the most important thing in your whole Life, or your stream of activity, because there is where all limitation exists. There is where all disturbance occurs. It is not in

your mental body. You see the effect through your mental world, but the cause, Dear People, is in your feeling world.

The Gratitude to the Beloved Saint Germain for having brought forth this Understanding to the attention of the people is wonderful beyond all words, because unless mankind understands the Source of Operation in the Forces of Light which come within their feeling world, they can at no time govern or control them. We, from our Unlimited State, know that to be absolutely true—that it is your feeling world and those forces acting there that must be governed and held within obedience to the "Presence," which enables that Wondrous Stream of Energy to flow in and through—and out into your world—unclothed by any discordant feeling within you.

Why are the imperfections in the World today in the form—the activity—of mankind? Oh Dear Ones, notice the Stream of Energy that comes at the top of the head and anchors within your Heart. *There* is the Secret Point of all activity, of all Life. When that Pure Energy touches the top of your head, It is compelled to take on the quality of the feeling that exists in your feeling world. If it is discordant, then that discord clothes this energy and goes out into your world, carrying the discord that is within your feelings, preventing the success, preventing the achievement that the Light of the "Presence" would otherwise produce.

Dear Ones, try to feel with Me for a moment that it is Energy going forth through your body which, through the Power of Radiation, goes out into your world. Now notice, that Radiation is more than a vibratory action. It is Self-Luminous, Intelligent Substance that goes out through that Power of Radiation to act in your world. If the Purity of this Energy, as you have called It forth to go out into the world, carries only Its Purity and Perfection, It will go out into your world and produce all Perfection—

© 1991 Saint Germain Press, Inc.

not only the accomplishing of a specific activity—but It will continue to radiate and harmonize all things concerning your world. This will allow your added Call, as you continue to call the Powers of the "Presence" forth, to so flood your world with the Perfection which is contained within the Light and the Energy that comes in and flows out into your world through the Power of Radiation, that shortly your world will become so harmonious that everything that touches it takes on that Harmony. Therefore it serves you with Joy and Perfection unknown to the person who does not understand this Activity. Now you will see how practical all of this is, and that It is within the reach, within the use of every human being who will earnestly try to understand and apply the simple Understanding which is contained within the Work which Beloved Saint Germain has given you.

Beloved Ones, let Me plead with you, *read, read, read those Books!* If you have read them fifty times, then read them fifty times more, for I tell you, in those Books are contained the solution of everything that confronts mankind today, individually and nationally. It is the Power of the "Presence" alone that can solve conditions; and whatever is solved through the Acknowledgment and Call to the "Presence" becomes a permanently sustained Activity, and is the *only means* by which It can be permanently sustained.

That is why, Dear Hearts, there is no solution to governmental affairs but the Call of sufficient numbers of mankind to the "Presence" that will cause this Mighty, Pure Radiation to come forth into their mental and feeling world and do Its Perfect Work. It is the *only solution* for mankind!

The achievement of the Beloved Students of America up to this time, if you saw It from Our standpoint of Freedom, you would see, as We do, the greatest encouragement in all the world. Go on and on and on in your Call to the "Presence!"

© 1991 Saint Germain Press, Inc.

Once, Beloved Ones, you understand that—in calling for the Freedom of America and the Blessing of all mankind, how quickly will come your own Freedom!

I plead with you, Oh Dear Ones, do not allow ever again, if it has been in the past, one single thing to make you feel unkindly or discordant. Do you know Precious Ones, that every time an unkind, discordant feeling—or any discord—comes into your feeling world, it is just an activity of the sinister force, depriving you of your Freedom, which would otherwise come quickly. Your old experience of human life has caused you to believe you are justified in having those feelings, and all the time it is just the sinister activity, which is destructive human creation, that is holding its grip on mankind, preventing them from going forth into that Freedom which is their birthright.

Dear Ones, We have pled with the people everywhere to refrain from criticism, condemnation and judgment, hatred, jealousy, or any of those qualities that fill your world and clothe that Mighty Energy that is flowing out all the time. Whether you call earnestly or not, the Energy from the "Presence" is flowing in and through and out into your world all the time—to some degree—and It has to carry whatever the feeling is in your world. It is clothed with that, and goes out; and if there is much disturbance, then it will cause your world to be so disturbed that nothing can be accomplished. That is why anger and all those qualities that cause discord are preventing your Freedom. It is not a person, place or condition, not at all, Dear Hearts, but the whole condition is what is acting in your feeling world, that is, the whole thing of it. If your feeling world is loving and kindly, then your Call to the "Presence" will produce such Magnificent Results. Then you might say to Me, "Well, I have held myself harmonious now for a long time, and yet I am not having the results I should have." Dear Hearts, in a condition of that kind,

© 1991 Saint Germain Press, Inc.

could you see the old momentum that has been gained through discordant feeling that has not yet been consumed, you would not wonder.

There is no person in the whole World exempt from this. Every human being on the face of this Earth has accumulated more or less discord through the hundreds and perhaps thousands of embodiments in which they have lived, similar to this. Therefore, do you not see why the Messengers urge you so tremendously to use the Violet Consuming Flame constantly? I do not mean by that, every hour of the day, but at least *three times a day,* with great earnestness and firmness and determination. This is the reason for it, Dear Ones. When you enter this Stream of Life, in your attention to the "Presence," the Law of your Life is that all of this accumulation must be called forth to be disposed of, or in other words, dissolved and consumed. It is the Law of your Being. You cannot prevent it. Therefore, do you not see, when Beloved Saint Germain called your attention to this "Mighty I AM Presence," He also provided a Means by which It was your Infinite Protection.

Now then, if you will use the Violet Consuming Flame, call the "Presence" to use It, for remember, you do not create That, but it is your Call to the "Presence" that causes the "Presence" to establish the Violet Consuming Flame at your feet, and pass it through your physical body, your feeling world, your mental world, like a blowtorch, and dissolve and consume every discordant thing that is there. You might say, "Well, if I do that earnestly for awhile, should that not be sufficient?" No! As long as you live in the physical, unascended body you need to continue the Use of that Violet Consuming Flame to keep dissolved any discordant thing that is there. The thing that happens to people, and We have seen it among the Students occasionally, when they will not use the Violet Consuming Flame, then those

© 1991 Saint Germain Press, Inc.

destructive qualities that have been generated, maybe long past—and only the Ascended Master would know how far back that might have been generated—but because of its power, begins to rush forward, and if the Violet Consuming Flame is not used, it will rush forward and find expression in the outer world in an accident of some kind, or failure in your business. Those qualities, Dear People, are there in your feeling world, and unless the Blessed Ones are willing to follow the Direction which the Ascended Masters have given—knowing that That is the requirement for every individual, and is what We, every One of Us, had to use to free Ourselves and attain the Ascension—no one does attain the Ascension, until in their feeling world every discordant thing is dissolved.

Beloved Ones, you will understand that you are dealing with a definite Law of Life. Once these things are given attention and all understand them, and Beloved Saint Germain gives you the reason why, always, then you will understand that within your grasp is the Scepter of Dominion, and by that I mean your ability to call the "Presence" into Action to dissolve every discordant thing and consume from your feeling world all past creations, including the present. Then when you call the Powers of the "Presence" forth into Action, It will act with the speed of lightning. It has to—then and there—and the only reason It does not act at first is because Its Power is still being clothed by the discordant energy which is there.

Therefore it is not enough, Dear Hearts, to remain calm and poised for a few months when you come into this Understanding, but keep on using the Violet Consuming Flame at least twice a day, with great firmness and earnestness; then That will keep dissolved any destructive thing that tries to come forth into expression. Then when you call the "Presence" forth, Its Power will act with infinitely greater Power and Speed than if It is

© 1991 Saint Germain Press, Inc.

constantly clothed with the old conditions that have so long limited and deprived you.

Precious Ones, do you not see and understand that *it is only in your feeling world* where all limitation exists. The only difference between your position today and Ours in the Unlimited State is thought and feeling—principally feeling—because thought is a small percent, but your feeling is tremendous.

May I say just at this point, Dear Ones, why do you suppose that Beloved Saint Germain and the Great Divine Director have urged you to follow the Outline that is given, which the Great Divine Director passed upon—and certain of these activities—to make it uniform? Because They knew that they will produce the greatest possible results for you where there is a concerted, definite action throughout the country. That is the reason They ask it, and please do not think that there is anyone wise enough in the human form, or is wiser than Beloved Saint Germain and the Great Divine Director. You know, sometimes the human will try to get you to feel, "I think this would do just as well," and constantly try to intrude something that will keep gaining a momentum, and finally you are off the track entirely. You see Dear Ones, Their Wisdom is so Great, and wherever Their Directions have been followed implicitly, the results have been tremendous. Look at these Beloved Messengers! The slightest suggestion from One of Us is Law to them. They would no more think of intruding a word of theirs, even their highest inspiration—and you must know, at times they have tremendous inspiration—but they would no more allow that to intrude in this Work than anything in the world, because these Words Beloved Saint Germain has given forth in these Books are Cups that carry the Qualities of the Ascended Masters into your world, and produce results for you, and cannot fail,

© 1991 Saint Germain Press, Inc.

Beloved Ones! That is why This is so important to you—why it is so magnificent.

Beloved Ones, do not think ever that these are just human opinions that are contained in those Books. Dear Ones, it is the Law of Life—your Life—and unless individuals are willing to understand that, well then, they will find obstruction in the way at various points they reach. Because in giving Complete Obedience to what They request, knowing that it is your particular need, if you do not obey It, then They cannot give you the Help and quick Freedom that would otherwise be yours.

You see Dear Ones, in this Work, no one is ever interfered with. Every human being is completely and wholly free. There is not a single thing or attempt made to influence anyone. The Law is placed before you, and you have your complete freedom in Its Use. Therefore, It does produce these Magnificent Results as the Messengers have proven in every way when you do really give Obedience to Their earnest Requests—because They know, Dear Ones.

Do you think for one moment that We did not have to go through the identical things that all of you are going through? I want to say that Beloved Saint Germain, in His attainment, Oh Dear People, His experience in comparison with yours today was positively terrifying, because of the demand of the Law at that time. Why, they had to hide in caves in order to worship their own God as they wanted to. I tell you, to worship this Understanding of God in those ages in which He attained was far worse than when I attained, and anyone who was caught worshiping outside of that which the priesthood then held in their dominion—their life was not worth anything—and they lost their head immediately if they were discovered.

That was the cause of the martyrdom of the early Christians, and all of the Spanish Inquisition, and the destruction in France.

© 1991 Saint Germain Press, Inc.

Think, Beloved Ones, think of that Precious Saint Germain, who labored in Europe, and then He saw this opportunity in America, and has labored for more than two hundred years constantly, without a word of recognition until this Work came forth—one of the most Magnificent Beings, whose Love for humanity is so Tremendous. Think of it—even the Ascended Ones—there were only three, two besides Himself, that believed that this Achievement could be. They did not believe there was anyone strong enough in America to stand up against what would be required to carry this Light. But Beloved Saint Germain—the Messengers, having been His Children in that far off age—He knew They had not looked into the Life Streams and saw as He had, and He felt that they were strong enough, and with His Assistance could be made strong enough; and praise God, the "Mighty I AM Presence," and all the Ascended Masters, it has proven to be true.

Dear People, you have not the slightest idea in all you know what it has taken to stand up against mankind in spreading this Light. You have no idea, and even the Messengers themselves know only a fragment of that force that would have destroyed them completely in order to shut off the Expansion of this Light. Yet they have stood untouched by it. Think of it, Dear People, this is the first time in the history of the Earth the Cosmic Law has permitted this—except just before the next to the last cataclysm that occurred on Atlantis—when a large part of the continent was submerged, leaving the last remnant. At that time, some part of this Protection and Force was released, but before and since that, it has been almost nothing in comparison to what it is today.

The seizing and binding of the black magicians who were the instigators—the powers behind the throne of darkness that wanted to destroy mankind—remember, four of them have been

© 1991 Saint Germain Press, Inc.

seized and bound and will never interfere with mankind again. Even on the way here, after the Beloved Ones had left Yellowstone Park, this good brother stood one whole day against one of the emissaries of the black magicians who still was trying to strike at them, and even the Staff who were present did not know until after it was accomplished that another one was taken out of the destructive activity of the World.

Dear Ones, this is not imagination. Do not think it for one second, Dear Hearts! Those beings were beings of darkness and great power because they had failed on the Pathway of Light, just as people in physical embodiment today who have touched this Stream of Light and turned aside viciously—when they know in their Hearts the Truth of this Light—and yet, because they were disappointed in not having more and more of their own personal achievement or desires, they have turned against this Work, identically, on a smaller scale than the black magician. These forces have been acting like that throughout the world of mankind and will continue until, may I remind you of that Statement in Washington's Vision, and the Great Arcturus who repeated almost identically the same Words as the Great Being gave Washington when They said that *"If necessary, that Light as of a Thousand Suns will descend into the Earth and dissolve and consume all viciousness, discord, and selfishness from the Planet."* That is the Power of the Great Cosmic Light that will come to the assistance of mankind, and if We did not know that, the Messengers or Ourselves would have scarcely a hope for humanity.

Now Dear Ones, would you like to understand just what all this means, just what all of this service and the sinister force is? Do you not see, Precious Ones, that it is through many, many centuries of accumulation of human, discordant, destructive qualities generated by mankind which stand in the Earth's

© 1991 Saint Germain Press, Inc.

atmosphere—the individuals who have started on the Pathway of Light and failed, and turned wholly destructive—have again gathered that force and projected it against mankind and prevented their freedom, which they have done; and this is the principal reason why mankind is not free today! That is why this Understanding had to come forth, Dear People, and why It had to come forth through the Ascended Masters—and in a manner in which human concepts could not enter into It. That is why this Means was provided that the Ascended Masters may flash the Words before this good Brother which cannot contain any of his human concepts—or anybody elses.

That is why Dear Hearts, this Work is clear; It is True; It is Harmony for every one of mankind who will apply It; but It won't apply itself—It cannot do it, for the Call of humanity must be made in order to bring the Release of the Powers of the "Presence" and set mankind free, and dissolve and consume the human creations that have been generated and accumulated through the centuries.

Now let me remind you of the magnificent thing that is being done, and, Oh you Precious Students, I know you are so grateful, but won't you today try and feel a deeper gratitude than ever in your lives. When the Great Divine Director, because of the need of the World today, in the first place dissolved one-third of every sincere Student's own human creation, that was His First Step to assist you to your Freedom. Now that does not mean He has done that to those who are unkind, vicious, or have turned aside, or any of those things, but it does mean that for every sincere individual who is sincere in the Light, one-third of that human creation has been dissolved and consumed.

Then in Seattle He came forth again, and another one-third has been dissolved and consumed for those Blessed Ones, leaving only one-third of—mark you, Dear People—of all of the

© 1991 Saint Germain Press, Inc.

accumulation of centuries. There only remains one-third of all that you have accumulated and created of discordant nature that still remains in your world to be dissolved and consumed. Why, it is the Greatest Blessing ever known to mankind, Precious Ones, and That is Real, make no mistake about it! You are being given the most definite, marvelous manner of dissolving and consuming the balance of it, and who shall say today what else He shall do for you—with your earnestness and sincerity. Oh Dear Hearts, it means so much—Oh, not only to you individually, but for America and mankind! Do you not see that if there is not enough of mankind to make this Call and overbalance these destructive qualities—do you not see why He has done this for the earnest, sincere Students? Not only for your Blessing, but because They are attempting to dissolve enough of that force disturbing mankind that They can have more than the balance of the fifty-one percent of the wholly constructive idea. Then quickly the majority of mankind will come into the Understanding of the "Presence" and give their assistance to what is required. Dear Ones, your privilege today is the most transcendent ever in the experience of mankind for more than four hundred thousand years; and the Love and the Gratitude that is poured out to Us and the Blessed Messengers is proof that mankind, in their Hearts, feel this Infinite, Mighty Truth.

This is a happy thing I want to relate to you. We have been mentioning the destructive forces—now then, Dear Hearts—no one ever saw in the history of the Earth in recent centuries such love poured out to two human beings as has poured out to the Messengers from three hundred thousand Students or more, because there are many more that have read the Books that have not contacted the Classes, and these people are pouring out that great love to the Messengers. The few that are discordant are not worth considering in comparison to that great

© 1991 Saint Germain Press, Inc.

love by the thousands that is pouring out to them. Do you know, that is why, since the first year, the past two years have been so easy for the Messengers—in comparison to breaking the way at first. It is all so Real, so Mighty, so Tremendous for you, Precious Ones. We love you with a Love that is unspeakable, indescribable, because everyone whom We see is earnest and steadfast to the Light—all you Blessed Ones here. It is wonderful!

I want to say to you, because this seems to be one of the greatest points of obstruction to many, Dear Hearts, if you have not yet attained your financial freedom, do not let the appearance world discourage you. Remember that the Admonition of Beloved Saint Germain and all the Ascended Masters has been from the beginning, *Do not give power to the appearance world any longer.* It is that appearance which has frightened you—and which has prevented your Freedom. Let us make the two comparisons and try to clear this forever in your mind. The appearance world, which is the accumulation of limitations of mankind, holds its dominion today by the attention of mankind upon it; and by their attention they feed their Life Energy into that appearance world to come back and torture them. The appearance world, I tell you, has no power; and the individual should look that straight in the eye and say to that appearance, *"You have no power! You cannot touch my world anymore!"* Then the energy of your Life will no longer be conveyed into that appearance to continue to limit you. On the other hand, all limitation of every description is by mankind's attention upon it. *There is no appearance in the world that can live without your Life to live upon,* and remember, every one of you, your individual world is just as independent as if there were nothing else in the world.

Now try to follow this, then you will understand how you are only concerned with your world, and there is no selfishness

© 1991 Saint Germain Press, Inc.

in that. You are to perfect your world and yourself. There is no selfishness in that, but It is the Greatest Blessing to mankind in the World or Universe. That is why each one's Call to his "Presence," which is that Mighty, Perfecting Activity going on in his world, will perfect every individual's world who continues to call to the "Presence." In that particular activity, the Radiance going out will give others, who know nothing about this Tremendous Assistance, the Power of Radiation to lift their attention to the Greater Perfection—and they have to come into It.

What do you suppose has made the great Success of this Work? Not just the Words spoken, but the Mighty Radiation that is released in every one of these Classes; and there is not a person that has ever attended them and gone through the Classes that has not been ready to acknowledge that they have never experienced anything like It in their Life. It is true! Never was such Release from the Power of the Cosmic Beings and the Ascended Masters as given in these Classes! It is a Power of Radiation. Then what does It do for you? Aside from what the Great Divine Director is doing individually for you, the Radiation in this Class, remember Dear Ones, is the Power of Self-Luminous, Intelligent Substance which is called forth. Even in this room today, that same Activity is going on; and remember what I said in the beginning, that when that Radiation from the Ascended Masters and the Great Cosmic Beings is released into the room, notice what happens! Every particle of that human accumulation about you is stilled. You all know how harmonious you feel in the Classes. That in itself is proof of the Power of this Radiation, and that is only part.

Now then, get this clearly, Dear Ones, please. In this Radiation that is released in the room, it is just like when you call to your "Presence," and then around you is released this Self-Luminous, Intelligent Substance—which is Light. As That goes

© 1991 Saint Germain Press, Inc.

forth into the room, the human creation is dissolved before It. That means, Beloved Ones, that all that is possible outside of your Call is being dissolved for you.

Now I am going to say something to you here that We have never given forth before. When you enter this coming Class, will you, in the Understanding which I have just given you of this Release of Light in the room, will you accept That, and make your Call to your "Presence" to enable that Light to dissolve every vestige of your human accumulation—right during the Class. If you will do that, wonderful things can be done for you. We have never called the Students' attention to that just in this manner before, but because of your loyalty, earnestness, and sincerity, We want you to have such Assistance, you will never forget It in the world; neither will you ever again be limited in any manner whatsoever.

We are determined, if you will join Us in that determination, to leave you in such Power of the Acceptance of your "Mighty I AM Presence" after this Class is finished that never will anything ever daunt you or cause you to fear again. I mean your own ability to apply. You know, after all, that is where most of the difficulty occurs. It is not so much the individual's doubt of the Powers of the "Presence," but of their ability to apply It. More often that is the cause. You need not have that any longer. Your Call is all that is required!

I urge you, Dear Ones, in all your Group Activities, do not fail to voice your Decrees! It is the Vibratory Action that the Great Ones need today, and all that is required—and the need is not voicing them into the atmosphere in a shouting voice—but in a great, calm, low, determined voice. Voice your Decrees and send Them forth. Then the Great Ones have the Energy and Power to amplify and do the things that are required.

The Messenger visited one Group in Los Angeles many

© 1991 Saint Germain Press, Inc.

months ago, and they had conceived the idea that they could, in that calm silence, accomplish something. When the Messenger arrived and saw what was going on, his amazement was tremendous. Not an ounce of energy was being released by which the Great Ones could do anything! That is why, Dear Hearts, in the Decree Work, it is the release of the Energy that They are able to amplify, and That does the tremendous things!

Sometimes, you know, the human goes off at extremes, and in various angles. One time some of the Blessed Students were so enthusiastic that they got to shouting, and that is not good either. Their Decrees were disturbing the whole neighborhood. It is a great, balanced Activity!

I want to explain to you why it is that just in the stillness, in your endeavor to release energy, you do not get the results. In India today the condition exists because they believed they could go into the silence and accomplish the results. Now Dear Ones, the need of the Earth today is to call the "Presence" in Its Mighty Perfecting Activity into the physical octave. There is where the results have to be produced. There is where mankind generated their limitations, and it is there they must be undone, dissolved and consumed.

The Great Himalaya, in His Dictation, made that so plain, and He made an amazing Statement: that if He could take a Group of Students with Him and the Messengers to India, in one year he could set half of India free in this Understanding, showing that they understand that the misconcepts that prevail in India today—in being able to lay the body down, or set it down in the silence, and go forth in the body into Samadhi—is not the requirement. The need in India today is to call the Powers of the "Presence" into Action for Its Perfecting Activity in the physical octave—where It is needed. The Blessed Messenger has the most magnificent letter from one of the Masters in India,

© 1991 Saint Germain Press, Inc.

commending the Work, and stating the Power that came to him with the letter—in answer to his first letter to the Messenger. So Dear Ones, it is the Power of the "Presence." It is not the human forms. *The human form must make the Call, but it is the Power of the "Presence" that does things.* Please keep reminded of that—that your Call is the imperative requirement!

So I say to you today, with all the Love of My Heart, stand in, with, through, and for this Light of your "Mighty I AM Presence," and allow Its Mighty, Self-Luminous Intelligent Substance to flow in, through and about you, and out into your world to produce Its Perfection there. Do not give longer your attention to the appearance world that is limiting or disturbing you of what you require. Remember, your "Presence" is your Treasure-house, and if you call to the "Presence" for the Release of the money you require, then that money will come forth; and if channels are required, the "Presence" will select those channels, and give the Assistance that is necessary. *It cannot fail!*

Dear Ones, remember, you are no longer subject to your mistakes, or can you be held within them. You are free beings in your Acknowledgment of the "Presence," and no longer feed your energy into the appearance world to limit or harm you in any way. No person, or any group of people on the face of this Earth can harm you unless you accept it, and through your Life feed it to come back and harm you.

Why think how this Messenger stood against those tremendous powers of darkness that would have destroyed him with the speed of lightning—for they could—and how he knew and saw them. They were following him, watching for an opportunity, yet there was never a fear within him of their ability to harm or reach him. That is how you must feel towards conditions and persons. Know no person, place, condition, or thing has power to limit or harm you longer, Dear Ones, if you will

© 1991 Saint Germain Press, Inc.

say, *"You have no power,"* and feel it!

With all the Love of My Being, most Precious Ones, I enfold you in My Mantle of Light—with Its Infinite Protection, Its Mighty Courage and Strength—that you go forward quickly, holding the Scepter of Power of Dominion in your hand, wielding It to dissolve all in the appearance world that has terrified you or held you within its limitations.

"Beloved Mighty I AM Presence"! Take command of each one of these Precious Ones, and every Student in America and the World today. With the Fullness of Your Infinite Power, produce that Perfection and hold Thy Dominion in each one's world. Keep their attention off the limitations. Hold it upon Thee, O "Mighty I AM Presence," from which all things come. Then with the Power of this Call, release Thy Infinite Supply of everything that is required to bless the Precious Ones everywhere with immediate Freedom and Invincible Power within their feeling world of their ability to call the "Presence" and Its Powers forth—to set them free—and all mankind. I thank You!
